Dear Ken,

Jonesboro, AR

I'm sure you heard about the sprinkler pipe breaking at NWACC last Wednesday.

Little Rock, AR

I wanted to write and tell you how proud I am of the employees of Dunk Fire and Security. As we (everyone, from Owner Staff to construction workers) were pushing water towards daylight with everything from brooms to pieces of sheetrock, I looked up and saw Dudley in the lobby on the phone undoubtedly assembling the troops. Wes was already onsite, and Coop arrived shortly.

Everyone pitched in without a word of grumbling, made the repairs, and even comforted the Electricians.

Springfield, MO

It was truly another example of great people doing great things, unselfishly. It speaks volumes and continues to exceed the example of customer satisfaction, friendship and professionalism!

Oklahoma City, OK

I am humbled and blessed to have the opportunity to work with such class acts!

Thanks,

Nabholz Construction
